Route 4: SAP band D-G households.
Suppliers and LAs can submit applications for low-income and vulnerable households.

Partnership Working

South Tyneside Council works with a range of charitable institutes, health professionals, and the low-income private sector to help households with debt and vulnerable to living in poor conditions. For more information, contact the administration of the Council.

Suppliers/ Installers / Manufacturers

If you are an Energy Company, please provide declarations please speak to the Council's Customer Service team to supply an installer pack and a copy of the Supplier Agreement and Code of Practice. These documents are available on the Council's website before any promotion of 'Approved Installers.'

Declaration and evidence

Householders

Householders who believe they are eligible for the Council's Customer Service team can contact the 'Approved Installers' list published on the Council's website to ensure that they can either be included on the list for eligibility under this or a different route.

NOTE: Any Declaration of eligibility criteria has been made by the Council and rests entirely with the obligation of the household who will conduct an assessment. The Council will improve the energy performance of the property using the information provided to the Council at the time of survey and will depend on the results of the survey.
